basis!

CONVENTION SOUVENIR DVD

Several local and national photographers snapped photos of the convention for this DVD. Most of the contributing photographers have had their pictures featured on the pages (and even the cover) of the *Hosta Journal!*

Their best shots were selected and put to music in this souvenir DVD scrapbook.

This high-quality DVD captures the gardens, events, people and memories of the 2007 AHS National Convention.

We have a limited number of DVD available. To order one, complete the order form on the left and mail it along with your payment as soon as possible.
